

# Depth of Knowledge (DOK) Levels

| Level One Activities   | Level Two Activities  | Level Three Activities  | Level Four Activities  |
|--|---|---|--|
| Recall elements and details of story structure, such as sequence of events, character, plot and setting. | Identify and summarize the major events in a narrative.       | Support ideas with details and examples.  | Conduct a project that requires specifying a problem, designing and conducting an experiment, analyzing its data, and reporting results/solutions. |
| Conduct basic mathematical calculations.   | Use context cues to identify the meaning of unfamiliar words. | Use voice appropriate to the purpose and audience.  | Apply mathematical model to illuminate a problem or situation.   |
| Label locations on a map.  | Solve routine multiple-step problems.                         | Identify research questions and design investigations for a scientific problem.                       | Analyze and synthesize information from multiple sources.  |
| Represent in words or diagrams a scientific concept or relationship.                                     | Describe the cause/effect of a particular event.              | Develop a scientific model for a complex situation.   | Describe and illustrate how common themes are found across texts from different cultures.  |
| Perform routine procedures like measuring length or using punctuation marks correctly.                   | Identify patterns in events or behavior.                      | Determine the author's purpose and describe how it affects the interpretation of a reading selection. | Design a mathematical model to inform and solve a practical or abstract situation.   |
| Describe the features of a place or people.  | Formulate a routine problem given data and conditions.        | Apply a concept in other contexts.  |  |
|  | Organize, represent and interpret data.                       |   |  |
